EXTENSION IN THE CONTRACT OF MR. MUHAMMAD YOUSUF
MINOR DIRECTOR, INFRASTRUCTURE / PROJECTS, SINDH
MASS TRANSIT AUTHORITY, GOVERNMENT OF SINDH

SUBJECT:

It is submitted that earlier, the Secretary, Transport & Mass Transit
Department, initiated a Note for Chief Secretary, Sindh, on 20.11.2020
(Annexure-IV) with the proposal that the contract period may be extended for
further period of two (02) years in respect of Mr. Muhammad Yousuf Munir,
Director (Infrastructure), Sindh Mass Transit Authority (SMTA).

It was observed that the Administrative Department had not
furnished the information as per checklist (Annexure-V) and the Note of Chief
Secretary Sindh was referred back to Administrative Department with the request
to clarify the position. Instead of responding to the observations, the
Administrative Department has initiated a Summary for Chief Minister Sindh in
the matter without incorporating the required information.

The Administrative Department is, therefore, requested to
incorporate the requisite information / documents in the Summary for Chief
Minister Sindh, as per checklist (Annexure-V).

SUBJECT: SHOWCAUSE NOTICE

The undersigned would like to refer to the above-mentioned subject regarding which a letter was received to the undersigned office vide No. SMTA/SHOW-CAUSE/2022/1216 dated 03rd October 2022.

The undersigned would again like to refer to the meagre human resource of SMTA which is insufficient to manage the portfolio of SMTA's projects as also mentioned in the undersigned's letter dated 3rd October 2022. In the same letter, the undersigned mentioned about the recently achieved milestone of Orange BRT Project completion and untiring efforts from the undersigned (and officers Infra directorate). The undersigned and his team continued putting consistent efforts for other assignments soon after the OL inauguration on 10th September 2022. One of the most important tasks is to ensure close coordination with the SIDCL regarding facilitation during the bus operation of the Orange line project which started soon after the inauguration and is practically still on-going. The undersigned and his team were physically engaged at the project site to ensure close coordination with numerous stakeholders involved and to ensure completion of works considering the complexities of Orange line project, which your good-self is well aware of. The undersigned was given additional charge of Project Director after which, the undersigned ensured to work more diligently for the successful closure of the Project and these efforts are still on-going. The undersigned and his team continued working after the 10th September's inauguration without taking any break which was definitely much needed to subdue physical and mental stress of last couple of months. The meagre human resource of SMTA and specifically in infrastructure directorate makes it humanly difficult to manage technically complex tasks in parallel. The infrastructure directorate has demonstrated working beyond the call of duty, in the best interest of SMTA however, it is humbly suggested to undertake SMTA's recruitment for smooth implementation of the projects.

The nature of works involved in the projects, as mentioned in my previous letter, need a lot of literature review, coordination meetings, site visits; to ensure the due diligence in the best interest of the projects / work. The undersigned has always tried his best to provide best possible feedback to the higher-ups and SMTA colleagues. In the letter dated 3rd October, the undersigned has clearly indicated his all-out support to the Project Director KMP and sufficient documentary evidence is available to substantiate this. The undersigned has had fruitful meetings with the PD KMP to make him well-acquainted about the project for smooth implementation of the Project. Set of initial comments on the reports have been provided to the PD KMP and been discussed on 7th October 2022 as well. It may please be noted that the undersigned, with support of the then higher ups and team mates, played vital role in the initial days of KMP since the initial meetings with the World Bank, approval of PC-1 and subsequent tasks including procurement of the design/supervision consultants. It may also please be noted that the KMP is not lagging behind because the reports are not settled yet but because there are certain policy level decisions that are yet to be taken and also because of the insufficient human resource to work on such mega project. Certain decisions, required at this stage, pertains to the bus operations

directorate which is completely vacant in SMTA. Moreover, it is only recently that a Project Steering Committee has been notified. The undersigned was directed to submit draft note and notification which was complied with and which got approved as it was proposed by the undersigned. Similarly, the undersigned drafted the working paper for first meeting of steering committee in close coordination of the current PD and your good-self. The undersigned's contribution to the KMP is supported with various documentary evidences (mention or not). It is pertinent to note that a full-fledged organization has been established to implement Red BRT project having sufficient human resources. The KMP was designed to be implemented through the SMTA for the greater interest of the SMTA's capacity building which is not possible until the SMTA's recruitment is undertaken.

Due to insufficient human resource, it becomes practically difficult and warrants extra time and energy to work on various important tasks in parallel. The undersigned has worked on SMTA's assignments even during holidays and weekends just to cope up with the massive workload. Last week, in the midst of other assignments, the undersigned was directed by the Worthy Secretary TMTD and your good-self to work on KCR PC-1 and compliance was given by collaborating with TMTD officers. Similarly, based on your directives to finalize the Blue Line USP report, the undersigned prepared a draft report and shared with the team for their timely input. During the entire course, I was in touch with SMTA's team and collaborated closely. The undersigned accordingly, also provided feedback every time it was necessary based on his institutional memory.

The undersigned, when needed, took off from office, always after intimation to your good self. In the past few months, the undersigned had to shuttle among the Orange line project site, Sindh Secretariat (TMTD, P&D, and Finance Department etc.) and for other project related meetings with consultant/contractors/SIDCL and other stakeholders. The undersigned has worked in the SMTA office for long working hours and believes that the impression of my uninformed absence from office needs to be revisited.

The undersigned would like to mention here that two important officers (*deputy & assistant directors' infrastructure*) who were previously working on Orange BRT project site have now started to attend head-office. Previously, most of the tasks used to be taken care by the undersigned only but the undersigned is optimistic and ensuring best possible efforts from the infrastructure directorate to expedite the tasks in hand. The revision of PC-1 Orange BRT project is on-going and the infrastructure team is putting all possible efforts for its completion, in close coordination with the SIDCL. Since the Orange BRT project has now been almost completed, this requires detailed efforts to successfully close the project through revision of PC-1 and contractually. This process is intricate and requires necessary due diligence which is time taking. The undersigned carried necessary coordination with KDA for the PC-1 of ADP scheme 3301 and obtained some basic data useful to be incorporated in PC-1. Automation of traffic signals were never carried out in Karachi before and requires close coordination with traffic police and KDA. With the help of your good-self, this PC-1 will also be completed till the timelines provided. We are trying our level best to work on parallel tasks, as much as possible.

The undersigned has gone extra miles to contribute in various tasks of SMTA. On behalf of the infrastructure directorate, the undersigned ensures all possible efforts to work on SMTA's projects, in the best public interest.

Karachi, Dated: 3rd October 2022

To,

**Yousuf Munir,
Director (Infrastructure & Planning),
Sindh Mass Transit Authority,
Karachi.**

SUBJECT: SHOW CAUSE NOTICE

It has been observed with great concern that you are unable to perform assigned responsibilities as per your position. You were directed to complete essential assignments pending with you vide letter No. SMTA/DIR-INFRA/2022/1143 dated 15-09-2022. The same was conveyed earlier to meet the requisite timelines, but no requisite documents have been submitted until now. You were repeatedly asked to give timelines in writing, but you failed to comply.

2. You committed to submit PC-1 for new ADP schemes on 12-09-2022 to Worthy Secretary, TMTD. Later you asked for the last chance to complete the process by **30-09-2022**, but you failed to comply with them. Further, it has been reported by Admin Section that you don't attend office hours and remain absent without any permission. Moreover, you join late in vital meetings despite repeated directions and stay unresponsive on the phone. It shows your gross negligence and inefficiency, and disregards for office etiquette.
3. You were forwarded multiple technical reports of the Yellow Line project from consultants for client feedback, but you kept them unresponded, causing inordinate delays to the project. Further, you tend to remain non-cooperative and unresponsive to the project KMP-YL team. Similar poor performance has been observed with other assignments received by the organisation.
4. You were appointed purely on a temporary basis for a period of 03 years; furthermore, your contract period has been extended subject to your performance. But your careless and unresponsive attitude has severely upset the progress of the project and the submission of ADP schemes' PC-1. Therefore, the higher authorities have taken a serious view of the situation and decided to take necessary action against you.

5. You are, therefore, directed to explain your position within (07) seven days positively as to why a disciplinary action under the terms and conditions of your contract should not be initiated against you on such misconduct, negligence and inefficiency, including termination of your contract.

You may state if you wish to be heard in person.

The undersigned holding CNIC 42401-7566001-7 was in a meeting at NICL building, situated across the GORA DISTRICT, yesterday (26 October 2020) from 10:15 am till 03:00 pm. Meanwhile, my car (Black color Corolla with registration number GS-110) was parked right in front of NICL building on main road adjacent to footpath. Please note that many other vehicles are usually parked at this location as a routine matter.

During this time i.e. from 10:15 am to 03:00 pm, somebody broke into my car (broke the quarter glass) and took the laptop bag from the car trunk. The quarter glass broken was not facing the main road but actually facing the footpath side. I would like to report this crime and request for necessary vigilance to prevent any future incident like this. There were some official officers in my bag and my official laptop. The files were not of certified nature but they were official. Your cooperation in this regard is anticipated.
